RESOLUTION NO. 8533-1965-S

PROPOSED AMENDMENT TO THE ADMINISTRATIVE  
CODE BY ORDINANCE OF THE BOARD OF  
SUPERVISORS

WHEREAS The Civic Design Committee of the Art Commission of the City and County of San Francisco has brought in a proposed amendment to the Administrative Code by ordinance of the Board of Supervisors amending the San Francisco Administrative Code by adding Section 3.13 thereto to provide that future appropriations for building construction shall include a minimum of two per cent of the estimated gross project cost for the specific purposes of enhancing and beautifying the construction project with works of art and for approvals by the Art Commission, and

BE IT RESOLVED That at a regular meeting of the Art Commission held on January 4, 1965, the Commission does hereby accept and approve the following proposed amendment and does hereby respectfully request that the ordinance be submitted to the Honorable Board of Supervisors for the necessary legislation, and

BE IT FURTHER RESOLVED That the Civic Design Committee is requested to pursue the matter through the proper channels of the Board of Supervisors:

AMENDING THE SAN FRANCISCO ADMINISTRATIVE CODE BY ADDING SECTION 3.13 THERETO TO PROVIDE THAT FUTURE APPROPRIATIONS FOR BUILDING CONSTRUCTION SHALL INCLUDE A MINIMUM OF TWO PER CENT OF THE ESTIMATED GROSS PROJECT COST FOR THE SPECIFIC PURPOSES OF ENHANCING AND BEAUTIFYING THE CONSTRUCTION PROJECT WITH WORKS OF ART AND FOR APPROVALS BY THE ART COMMISSION.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Chapter 3 of the San Francisco Administrative Code is hereby amended by adding thereto Section 3.13 reading as follows:

SEC. 3.13. To foster the beautification of the city and the development of the arts, all future appropriations for building construction by the city and county shall include an amount or amounts to be expended for the specific purposes of enhancing and beautifying the construction project with painting, sculpture, or other works of art, which amount or amounts shall be not less than a total of two per cent (2%) of the estimated gross project cost exclusive of such items.

The amounts to be expended for each separate work of art shall be separately identified in the appropriation ordinances and shall be appropriated and allocated for each such specific purpose. Such appropriations shall be approved by the art commission before enactment of the appropriation ordinance by the Board of Supervisors. The commission shall decide upon such appropriations within thirty (30) days after submission. If it fails so to do, its decision shall be considered unnecessary.

No work of art to be provided pursuant to the provisions of this section shall be contracted for unless the contract and the contractor shall have first been approved by the art commission.

When in the judgment of the art commission the nature and location of a structure make the requirements of this section unwarranted, such requirement shall be waived by the art commission. The art commission shall be the sole agency responsible for the approval of the aesthetic acceptability of works of art created under this section.

Nothing in this section contained shall be construed to limit or abridge the legal powers of the governing boards of the War Memorial, the M. H. deYoung Memorial Museum or the California Palace of the Legion of Honor.

January 4, 1965

Commissioner Rockwell, Chairman of the Civic Design Committee, furnished the Art Commission members with a copy of his report to the Health and Welfare Committee of the Board of Supervisors concerning the proposed ordinance for a Civic Design Advisory Committee.

The Commission endorsed the following report of Commissioner Rockwell presented at the hearing of December 3, 1964, of the Health and Welfare Committee and authorized their use as a statement of the Commission's views:

"The concern prompting the proposed ordinance is a valid one. Civic design in San Francisco is not at a high level nor even a satisfactory level. More than an advisory committee is needed, however. Fundamental changes in the Charter may lie ahead. The released portions of the Arthur D. Little Report of CRP have called for integration of departments and revision of administrative jurisdictions. The full report may well expand such recommendations. The basic jurisdiction of Commissions and their existence in the first place may be where we look for the path to distinguished achievement in Civic Design. Thinking it well to await the full CRP report and the Community's reaction to it before such exploration, I respectfully suggest a path that may be more effective than the proposed.

"Strengthening the existing Civic Design Committee of the Art Commission by ordinances or by administrative directives as follows:

"a. Civic Design Committee of the Art Commission shall be acquainted with the programs for projects being budgeted so that they may assist in establishing the type of environment desired. The relation of the proposed project to surrounding environment, the appropriateness of the site, and other matters often overlooked in programming, but which must not be overlooked if we really do want high quality design.

"b. The Civic Design Committee shall be acquainted with the provisions for landscaping, painting, sculpture, or related arts for each project being budgeted so that it can through the Art Commission make recommendations to the proper agency for the adjustments of budget funds.

"c. The selection of sites for city projects shall be made final only after the Art Commission or its Civic Design Committee has been consulted, and if possible, satisfied.

"d. The procedures for selecting architects, landscape architects, and artists shall be reviewed and approved by the Art Commission prior to its implementation so that the proper concerns of experience, recognition, etc., will be weighed.

"e. A licensed architect, qualified in urban design, shall be added to the staff of the Art Commission to administer submittals to the Civic Design Committee and to prepare staff analyses and recommendations to the Committee.

"Effective improvement in Civic Design should result from the establishing of a more pervasive concern with, and a more complete understanding of, the projects being undertaken by the City. It would depend upon the above suggested procedures and professional staff member. It would further depend upon having highly qualified professional appointees to the Art Commission. As art commissioners serve at the discretion of the Mayor, it should be as easy to make first-rate appointments to official positions on a charter-established commission as to an unofficial advisory committee."

MUSIC Commissioner Kennedy submitted the following resolutions  
COMMITTEE which were seconded by Commissioner Porter and met with the  
unanimous approval of the Art Commission.

REPORT - SPECIAL COMMITTEE - MUNICIPAL CHORUS

Mr. John K. Hagopian, Acting Chairman of the Ad Hoc Committee for the study of the reorganization of a Municipal Chorus, submitted the following report:

"Hon. Harold Zellerbach, President  
Art Commission, City and County of San Francisco  
City Hall  
San Francisco, California

"Dear President Zellerbach:

"I take pleasure in submitting herewith the report of the Ad-Hoc Committee which you appointed on September 30th last, "to give consideration to a San Francisco Municipal Chorus, its function in the community, its membership and to make recommendation for leadership and to suggest a budget."

"The Committee conferred on several occasions, interviewed a number of leading Bay Area choral conductors from whom it might select a leader and counseled with the following well-known Bay Area musicians and choral directors, namely:

January 4, 1955

Report from John K. Hagopian (Continued)

"Edward Lawton of the University of California  
John Tegnell of San Francisco State College  
Harold Schmidt of Stanford University

"It learned from these counselors that there is a vital need in our community for a civic chorus for the reason that there are among our residents a large number of former members of college and other singing organizations and many good amateur singers who are very desirous of affiliating themselves with a civic chorus and who could contribute much to it.

"After giving careful consideration to the purposes and duties prescribed in your letter of appointment, your Committee makes the following report and recommendations:

1. TYPE OF CHORAL ORGANIZATION AND ITS MEMBERSHIP

"It recommends the organization of two choral groups consisting of 100 to 150 voices each with a core of about 75 voices of professional quality selected from the combined chorus; each choral group to meet on different nights in two distinct areas or residential sections of the city for rehearsal purposes and combined when desired by the conductor.

"2. NAME

"To distinctly identify these choral groups, as a unit, with the City of San Francisco and as one of its artistic functions, we recommend the name:  
SAN FRANCISCO CIVIC CHORALE.

"3. FUNCTION IN THE COMMUNITY

"It is contemplated that the Civic Chorale in its proposed separate units or in combination will present public concerts, singing aside from classics, adventurous and occasionally specially commissioned works; that it will whenever possible sing with the San Francisco Symphony Orchestra during the Summer Pops Concerts or during the Symphony's regular season. Looking into the future, it is envisioned that the Chorale, when it has been well disciplined and experienced, may make recordings which could bring income and distinction to the City. An outstanding example of such a choral organization is the Salt Lake City Choir.

"4. LEADERSHIP

"In its quest for a leader or conductor, the Committee sought an experienced, competent, inspiring and imaginative person and after careful consideration, selected, and recommends to you, Winifred Baker, presently on the music faculty of Dominican College at San Rafael and director of the Winifred Baker Chorale, the Festival of Performing Arts and the Winifred Baker Childrens Chorus.

"Attached hereto are (a) a biographical sketch of Mrs. Baker, (b) a chronology of the accomplishments of the Winifred Baker Chorale and its forthcoming program schedule of events, and (c) a program for a San Francisco Chorus, submitted by Mrs. Baker at the request of your Committee.

January 4, 1965

Report of Mr. John K. Hagopian (Continued)

"5. BUDGET

"To function properly and to attain any degree of success, the chorus must be adequately financed. Aside from an annual director's salary of \$6,000.00 for part-time services, the City must provide rehearsal rooms or facilities, accompanists, music which may be rented or purchased, compensation for occasional soloists, costs of programs and publicity, and other incidental expenses. Having all these in view, the Committee recommends an annual budget of \$15,000.00.

"Respectfully submitted,

(S) John K. Hagopian, Acting Chairman  
Dr. Albert Shumate; Mr. Arthur Bloomfield  
Dr. William Knuth; Rev. Reuben Rinder  
Mr. Alexander Fried; Mr. Joseph Dyer, Jr.  
Mr. Alfred Frankenstein"

Commissioner Kennedy moved for adoption of the report, which was seconded by Commissioner Martinez and met with the unanimous approval of the Art Commission.

The Chair instructed the Secretary to include the sum of \$15,000 to meet the expenditures of the cost involved for the San Francisco Chorale.

The Chair extended thanks and appreciation to the Committee: Messrs. Hagopian, Shumate, Bloomfield, Knuth, Rinder, Fried and Frankenstein for their valued service and the excellent survey for the project.

REQUEST AMERICAN GUILD OF ORGANISTS - ORGAN CONCERTS

Mrs. Eileen Coggin, Dean, American Guild of Organists, submitted the following report:

"Mr. Harold Zellerbach, President  
San Francisco Art Commission  
City Hall  
San Francisco, California

November 12, 1964

Dear Mr. Zellerbach,

"As Dean of the San Francisco Chapter of the American Guild of Organists, I have been asked by the Executive Board to write to you regarding extended use of the organ in the Civic Auditorium. We would like to suggest a series of three Sunday afternoon organ recitals for which the public would pay a small fee of admission - 50¢ for adults, 25¢ for children perhaps.

"Having spent nearly a month in New York City this summer, I have become more and more enthusiastic about trying to see San Francisco become increasingly more conscious of the world of organ music. There are many organ recital series being given in New York City all the year around, most of them being in churches. San Francisco has a great advantage now in soon having a good organ in quite playable condition in a municipal auditorium and for this we are most thankful!

"Due to the increased use of organ recordings by the classical FM stations, the extended touring of European and American organists, and the many fine installations of new organs throughout the country since World War II, we find the public's taste

January 4, 1965

Report of Mrs. Eileen Coggin (Continued)

"In organ music being considerably raised. Along with this education we are beginning to find them becoming more interested in the organ recital programs.

"The programs I am suggesting might take place on the first Sunday of the months of February, March, and April of 1966 at the hour of five o'clock. We would like to use local organists for which they would be paid a fee of \$100 each. Organists are far too often asked to play for little or nothing. The printing of the programs would run around \$30.00 for each concert.

"These concerts should be varied but should contain good literature. Two or three members of the American Guild of Organists could perhaps work with a committee from your group to handle the details of such an undertaking if this should meet with your approval.

"Will you kindly consider the possibility of including the expenses for this project in your budget of 1965-1966? I shall be most happy to discuss this with you in more detail at any time.

"Thanking you for your kind consideration, I am

"Most cordially yours,

"(S) Eileen Coggin, Dean"

Commissioner Shumate moved for adoption of the report which was seconded by Commissioner Patri and met with the unanimous approval of the Art Commission.

The Chair instructed the Secretary to include \$3,000 to meet the expenditures of the cost involved for such organ recitals.

COMMENDATION - DR. HANS LESCHKE

Commissioner Zellerbach, in behalf of the Art Commission, presented Dr. Hans Leschke, the former Director of the Municipal Chorus of San Francisco, a scroll of commendation for his 40 years of service.

ANNUAL APPROPRIATION BUDGET - 1965-1966 FISCAL YEAR

The Secretary presented the Annual Appropriation Budget for the Year 1965-1966. After considerable examination and study, Commissioner Kennedy moved for the adoption of the following resolution, which was seconded by Commissioner Mohr and met with the unanimous approval of the Art Commission.

ART COMMISSION  
CITY AND COUNTY OF SAN FRANCISCO  
CITY HALL  
SAN FRANCISCO 2

January 4, 1965

ENHANCEMENT - HALL OF JUSTICE

At a hearing before the Finance Committee of the Board of Supervisors, (December 16, 1964), the Art Commission was instructed by the Finance Committee to reconsider its recommendations in respect to embellishing the Hall of Justice; and specifically, to view the project as a whole. Accordingly, the total structure has been reviewed and further possibilities explored. The following findings and indicated budget are submitted as per the Finance Committee request.

INTERIOR

- (1) The interior walls of the main floor are faced, almost totally, with a reddish Italian marble (Portasanta). The pronounced color and strong veining are overbearing, and in the view of the Art Commission, will not permit mural treatment; nor will they accomodate easel paintings.
- (2) The rear wall of the Information Desk, on the west side of the lobby, is the only wall free of marble. It should be maintained, essentially as a restful area. However, a good sized easel painting may enhance the wall without activating it too sharply.
- (3) The initial proposal of the Art Commission, for the interior of the lobby, still seems to offer the best solution. Bas-reliefs on the side walls as one enters the building, or a free standing sculpture set between the columns. The texture of woven tapestries on the side walls may prove effective in lieu of bas-reliefs. (At present the principal wall on the east side of the lobby bears incised dedicatory text. Plans call for incising a Roll of Honor on the opposing west wall. This is overburdening the lobby with textual material. If an alternate solution and site for the proposed Roll of Honor is found acceptable, (see Exterior Item No. 10), then the free standing sculpture or bas-relief may be placed in front or upon the west wall instead of the side walls.)
- (4) The interior walls of the lobby to the District Attorney's offices are faced with the same marble. Each wall or section is now broken up by a bulletin board or sign, to the extent - no wall is sufficiently intact to receive art work. We have been informed that the wall to the left, immediately upon entering, could be cleared of its blank bulletin board - enabling a small bas-relief or panel to be placed there.
- (5) At the Finance Committee hearing, the Art Commission originally requested \$5,000 be set aside for the purchase of easel paintings. These paintings were to be used in embellishing interior walls and offices. A subsequent visit to the building has convinced the Commission that its initial request was, by far, too low. We were amazed to discover that in the entire mass of walls and offices - blocks and blocks - not a single painting or wall

decoration was to be found. The height of the walls in relationship to that of office furniture - the size and vastness of unending empty surfaces creates an extremely unsympathetic, barren, stark, and unfinished feeling. In one or two isolated cases, officials have brought in their own potted plants to relieve the emptiness of offices. An amount of \$20,000 would not be too much to expend on this item. It has been pointed out to the Art Commission, that in moving to the new Hall of Justice, the attitude of the men using the building underwent considerable change. The old quarters - which were rundown and unpleasant - created a heedless and apathetic attitude. Consequently, the surroundings and furnishings received careless treatment. Desks were scarred with cigarette burns, walls soiled, etc. The new surroundings have induced a different reaction, - of pleasure in their environment. It is important to sustain and foster this welcome response. The Art Commission suggests that \$20,000 spent upon paintings would create a careful pride in the users of the Hall of Justice - to the extent that the initial cost of the paintings may be saved many times over in maintenance cost alone.

### EXTERIOR

Having viewed the entire exterior of the Hall of Justice, the Art Commission finds little to recommend on the northern (rear) and eastern sides of the building.

- (6) The Bryant Street (front) facade of the Hall of Justice is a gray granite wall - repetitiously pierced by static and uniform window shapes. The cut out appearance of the windows is unrelieved by decorative elements or bold window treatment. The principal entrance offers the only change in rhythm to the monotony of the windows. It is achieved by a door height of approximately 20 feet. A green grass plot runs the length of the structure between the sidewalk and the building, yet it not only fails to soften the effect of the building but by its juxtaposition, tends to emphasize the monolithic structure. A row of sycamore trees adjacent to the walk are too small to affect the vast edifice. Further, the bottom windows are 3 feet above the ground which precludes any sizable planting because it would block out the lower windows. The limited space therefore, does not suggest nor permit a landscape treatment that could appreciably affect the building. What is required is a spaciousness, height and abundance of landscaping which is obviously impossible. Our sole suggestion then is that a group of large trees, of the poplar variety perhaps, be planted adjacent to the building, at the few windowless areas - such as to the right of the District Attorney's entrance, or at the wall bearing the great Seal. Likewise, a tall tree (20 to 25 feet at least), could be effectively placed on the west side of the main entrance. The spare lawn treatment now existing can be augmented by plants or flowers of strong colors, placed along the wall under the windows. A lush treatment of bushes could be used, having stronger contrasts and varieties of green.
- (7) In the view of the Art Commission, artistic enrichment of the exterior areas of the Hall of Justice, suggest primarily, sculptural treatment. The Commission is concerned that the building have an imposing entrance. Two pedestals, located on either side of the entrance steps are capable of receiving sculptural works. While the character of the entrance seems to call for companion pieces on either side, the great Seal on the wall, east of the entrance, tends to inhibit the east pedestal as a location for

sculpture. A happier solution may be found in placing a monumental sculptural work upon the western pedestal and a large sculptured plant container on the east side. The container should be of such height and character as to enhance and supplement both, the sculpture and the Seal, without detracting from either.

- (8) Rather than burdening the front of the building with additional sculpture, it is thought best to use smaller versions of the sculptured plant containers on both pedestals at the entrance to the District Attorney's office.
- (9) The west side of the building presents the only interesting surface. A large grill work serves as background to an island handsomely decorated with plant material. An over-lifesize piece of sculpture would be most effective - set within the island.
- (10) A second island, the smaller of the two, is located a bit north on the same street. It is set between 7th Street and the parking lot. This also has abundant planting and stands free of any immediate structure. The size and setting of the island would prove an appropriate site for a fountain. It is hoped that consideration be given towards creating a Memorial Fountain - one that would prove to be a more impressive monument, than the incised Honor Roll now contemplated for the main lobby.

#### RECOMMENDATIONS AND BUDGET

The above indicates those areas which the Art Commission considers capable of being enhanced. It favors and proposes the following items to the Finance Committee.

1. Bas-reliefs or design element for west or wing wall of lobby.	\$17,000
2. Monumental sculpture for west pedestal at main entrance.	50,000
3. Sculptured plant containers on east pedestal of main entrance and pedestals at entrance to District Attorney's office.	10,000
4. Large trees at base of Seal and adjacent to the main entrance.	_____
5. Memorial fountain at island between 7th Street and parking lot.	40,000
6. Funds for easel paintings.	20,000
	<u>\$137,000</u>

It should be pointed out that the proposed cost of enhancement indicated above represents one-half of one percent of the cost of construction. Since recommended figures for embellishment generally are at least two percent, the Art Commissions proposal must be viewed as conservative and cautious.

The Art Commission is prepared to conduct a competition or competitions within the amount appropriated by the Board of Supervisors. As is consistent with past practices of the Art Commission, the competition shall be an "open" one, eliciting from local artists fresh and original ideas.

A jury (present thinking favors a jury composed of one painter, one sculptor, one museum man, one architect or city architect, and one representative of the Police Department or Commission) should make the final decision, with the approval of the Art Commission. The Art Commission would then enter into contracts with the selected artists and oversee the execution of their proposals. All competitions should carry the proviso that if suitable works are not found, the City is free of all obligation.

Less than 10 percent of the proposed budget would be spent for the cost of mailing, mailing and administrative costs. The remainder should go to the artists involved and shall cover the costs of the finished art works, installed, as well as their fees. A public exhibition of all submissions should be held so that the public may view all entries.

The Art Commission trusts that the bold attitude shown by members of the Board of Supervisor's Planning and Development Committee and Finance Committee, at their respective hearings, shall bring to fruition this long sought for project.

MINUTES The Minutes of the January 4, 1965, meeting were approved.

CIVIC DESIGN COMMITTEE Commissioner Wallace submitted the following resolution which was seconded by Commissioner Martinez and met with the unanimous approval of the Art Commission.

RESOLUTION NO. 8537-1965-S

SUPPLEMENTAL APPROPRIATION -  
REGISTRATION FEES  
CIVIC CENTER PLAZA COMPETITION

RESOLVED That at a regular meeting of the Art Commission held on February 1, 1965, the Commission does hereby request the Honorable Mayor and the Honorable Board of Supervisors for a Supplemental Appropriation in the amount of \$5,900.00. This amount represents fees received for registration for the San Francisco International Civic Center Plaza Competition. Said amount has been deposited to the City Treasury. This sum is to be used for additional expenditures not provided for in Mr. Henry Schubart's contract, such as the very high cost of printing and mailing of announcements and programs which, far exceeded the original estimate for the administration of the competition.

Commissioner Esherick submitted the following resolution which was seconded by Commissioner Lapin and met with the unanimous approval of the Art Commission.

RESOLUTION NO. 8538-1965-S

DELEGATING JURISDICTION TO CIVIC DESIGN  
COMMITTEE IN CONNECTION WITH CIVIC  
CENTER PLAZA COMPETITION

BE IT RESOLVED That at a regular meeting of the Art Commission held on February 1, 1965, the Commission authorizes its Civic Design Committee to review with the Professional Advisor all questions received from the competitors and the answers prepared by the Professional Advisor to be forwarded to the competitors in accordance with the official program for the competition, and

BE IT FURTHER RESOLVED That after review of the questions and answers by the Civic Design Committee and with its approval, the Professional Advisor is authorized to forward the Bulletin to all of the competitors.

February 1, 1965

Progress Report - Civic Center Plaza Competition

Mr. Henry Schubart, Professional Advisor of the Civic Center Plaza International Competition, submitted the following Progress Report:

Pro Tempore Theatre Arts Committee

Commissioner Ets-Hokin introduced the following resolution:

"RESOLUTION FOR PRO TEMPORE THEATRE ARTS COMMITTEE

"Be it resolved that the Art Commission of the City and County of San Francisco which under its charter is charged with leadership and scrutiny of those cultural institutions that the City and County of San Francisco subsidizes immediately form a pro tempore performing arts committee to investigate the state of theatre arts in San Francisco, with particular emphasis on specific means of enhancing popular and economic support of this important cultural institution.

"Be it further resolved that this committee be immediately charged with the responsibility of providing leadership and assistance to that certain organization, known as the San Francisco Actor's Workshop, now in fact receiving monies from the City and County of San Francisco, and now in fact seriously threatened with demise.

"Now be it further understood and resolved that the newly formed pro tempore Theatre Arts Committee of the Art Commission of the City and County of San Francisco immediately take certain steps to lend the prestige of this commission in helping the San Francisco Actor's Workshop solve the several immediate problems causing the aforementioned threat to its continued existence.

"Jointly submitted on this day February 1, 1965, at the regular meeting of the Art Commission of the City and County of San Francisco by Commissioners Tito Patri and Jeremy H. Ets-Hokin."

Commissioner Wallace moved that the following lines be deleted:

Paragraph 1 - "which under its charter is charged with leadership and scrutiny of those cultural institutions that the City and County of San Francisco subsidizes."

Paragraph 2 - "leadership and"

The deletion was seconded by Commissioner Kennedy. The Chair then presented the following resolution after the revision in accordance with Commissioner Wallace's motion:

CIVIC  
DESIGN  
COMMITTEE

Commissioner Esherick submitted the following resolution which was seconded by Commissioner Kennedy and met with the unanimous approval of the Art Commission.

RESOLUTION NO. 8549-1965-S

EMBELLISHMENT OF THE HALL OF JUSTICE

WHEREAS The Art Commission has requested the sum of \$17,000 from the Honorable Board of Supervisors for the purpose of embellishing the Hall of Justice, consistent with the original appropriation of July, 1959, and

WHEREAS The Finance Committee of the Honorable Board of Supervisors has in turn asked the Art Commission to reconsider the Hall of Justice with a view to enrichment of said structure, comprehensively and totally, and to submit a budget accordingly, therefore,

BE IT RESOLVED That the Art Commission at its regular meeting of March 1, 1965, does hereby accept and submit to the Finance Committee of the Honorable Board of Supervisors the following recommendations and budget as submitted by its Civic Design Committee:

- |   |           |
|---|-----------|
| 1. Sculpture, bas-relief, or other design element in central lobby or upon side walls within the main entrance.   | \$ 17,000 |
| 2. Sculptural treatment of main entrance side of structure; said treatment to include District Attorney's entrance and monumental sculpture at main entrance.   |           |
| 3. Funds for easel paintings (to be placed throughout the building).  | 25,000    |
| 4. Installation of specimen trees (minimum height 20 feet) along Bryant Street between Seventh and Sixth Streets. Additional trees to be placed in plazas on the west side of building and other appropriate sides. | 20,000    |
| 5. Further extension of street planting   | 50,000    |

TOTAL \$192,000

BE IT FURTHER RESOLVED That the Art Commission does recommend to the Finance Committee that the Honorable Board of Supervisors petition the Highway Department of the State of California to plant equally large trees within State property that extends along the freeway, north of the Hall of Justice; and in the triangular plots at the foot of the descending ramp at Seventh and Bryant Streets.

OLD  
BUSINESS      JURISDICTION OF ART COMMISSION OVER ADVERTISING TO BE PLACED ON  
SCOREBOARDS AT KEZAR STADIUM

The following opinion of the City Attorney regarding jurisdiction of the Art Commission over advertising to be placed on scoreboards at Kezar Stadium was presented:

"LETTER NO. 65-7-A

"March 16, 1965

"Recreation and Park Department  
McLaren Lodge, Golden Gate Park  
San Francisco 17, California

"Attention of Mr. James P. Lang,  
General Manager

"Subject: Jurisdiction of Art Commission Over  
Advertising to be Placed on Score-  
boards at Kezar Stadium

"Dear Mr. Lang:

"This is in response to your letter of March 4, 1965, concerning advertising on the scoreboards at Kezar Stadium. In addition to your letter, you have submitted a diagram, two contracts and your correspondence file, and have supplied certain facts verbally.

"The factual situation is that in 1961 the Purchasing Department sought bids on the installation of new scoreboards within the existing scoreboard structures at the east and west ends of Kezar Stadium. The award was to be made on the basis of scoreboard design and the least number of years in which title to the scoreboards was to pass to the City. Payment for the scoreboards was to be derived from advertising revenue. On an offer of eight years and a design considered satisfactory by the Recreation and Park Commission, the award was made to the Fair-Play Corporation of Des Moines, Iowa. The new scoreboards were installed and put in operation but no advertising sponsor was secured until March 1964, when Fair-Play obtained the Coca-Cola Company for the duration of their contract with the City, which expires in 1969. Under the terms of the contract between Fair-Play and Coca-Cola, Coca-Cola is responsible for the installation of advertising.

April 5, 1965

LETTER NO. 65-7-A (Continued)

"The subcontractor of Coca-Cola in requesting a permit to install the advertising had his request referred to the Art Commission. On November 2, 1964, the Art Commission disapproved the advertising sign. The proposed advertising is to be placed on the existing scoreboard structure.

"Based upon these facts, you have asked whether or not the action of the Art Commission would prohibit the proposed advertising.

"Section 46 of the Charter of the City and County of San Francisco provides that the Art Commission must first approve the design of buildings, bridges, viaducts, elevated ways, approaches, gates, fences, lamps or other structures erected or to be erected upon land belonging to the city and county.

"In Opinion No. 961, dated May 26, 1955, the City Attorney ruled that the Art Commission was without jurisdiction over the location or design of signs or billboards which the Public Utilities Commission proposed to install in the Airport terminal building on the ground that the signs on the walls of the building did not constitute an alteration to the "design" of the building.

"Section 46 gives the Art Commission no jurisdiction over advertising as such. For the Art Commission to have jurisdiction of the advertising on the scoreboards at Kezar Stadium, it would be necessary that the "design" of the stadium itself be altered or the "design" of the scoreboard be altered. The facts as set forth, supra, demonstrate that neither the design of the stadium nor the design of the scoreboards is altered by placing advertising on the existing structures.

"In view of the foregoing, you are advised that the Art Commission has no jurisdiction in this matter and its prior approval is not required.

"Very truly yours,

"(S) THOMAS M. O'CONNOR  
City Attorney"

After considerable discussion, the Chair suggested that the Civic Design Committee, Mr. Burton L. Rockwell, Chairman, confer with the City Attorney and report back to the Commission.

NEW Commissioner Patri introduced to the members of the Commission,  
BUSINESS Mr. Al Cunningham, President of Affiliated Art Groups. The  
Chair requested Mr. Martin Snipper to notify members of the  
Art Commission as to the time, date and place of the next  
meeting of the Affiliated Art Groups.

Adjournment: There being no further business the meeting adjourned at 5 P.M.

The next regular meeting will be held on Monday May 3, 1965, at  
3:45 P.M. in the office of the Commission, Room 281 City Hall.

MUSIC  
COMMITTEE

The Music Committee submitted the following report from  
Mr. Philip S. Boone, President of the San Francisco  
Symphony Association:

"April 30, 1965

"Mr. Harold Zellerbach, President  
The Art Commission  
City and County of San Francisco  
City Hall  
San Francisco, California

"Dear Mr. Zellerbach,

"This will serve as a supplemental letter to that which was addressed to you, dated April 23, 1965, covering our proposal to manage the Summer Pops Series commencing in 1966.

"We believe the following provisions will specify more clearly our intention:

- "1. The terms of the contract shall be one year commencing July 1, 1966, and ending June 30, 1967. The contract shall be automatically renewed for successive terms of one year unless either party gives to the other written notice of intention to terminate at least nine months before the expiration of the initial term or any renewal period.
- "2. The San Francisco Art Commission presents the San Francisco Pop Concerts under the management of the San Francisco Symphony Association with the San Francisco Symphony Orchestra.
- "3. For and in consideration of the managerial services to be rendered by the San Francisco Symphony Association, the Art Commission shall pay to the Association all monies received by it from the City and County of San Francisco for the support of the Symphony Orchestra in San Francisco.
- "4. Concerts will be presented in San Francisco for a six-week period during the summer of each year with two concerts being presented each week. All performances will be scheduled during the months of July and August if possible.
- "5. The full personnel of the San Francisco Symphony Orchestra will be employed for the concerts mentioned herein.
- "6. The San Francisco Symphony Association shall continue the Art Commission's policy of presenting local artists or artists in residence among its artists' roster.

May 3, 1965

Philip S. Boone Report (Continued)

- "7. The Association will invite a conductor or conductors with the concurrence and approval of the Art Commission; and in the event a recording contract is available, such conductor or conductors will be subject to the approval of the Recording Company.
- "8. The San Francisco Symphony Association will continue the format of presenting the Pop Concerts in the Civic Auditorium in the Viennese manner as established by the Art Commission.
- "9. The ticket price scale for the concerts mentioned herein shall be mutually agreeable to both parties. All proceeds from the sale of tickets to the aforementioned concerts shall inure to the Association.

"I understand that there will be a meeting of the Art Commission on next Monday, at which time our proposal will be presented. We hope most sincerely that your commission will look upon our proposal in a favorable manner, thereby assisting the Association considerably in its goal of providing additional employment for our musicians.

"In the event our proposal is accepted, it is our understanding that a written contract containing the aforementioned conditions will be prepared for execution by both parties.

"Sincerely,

"Philip S. Boone  
President"

SAN FRANCISCO CIVIC CENTER PLAZA  
INTERNATIONAL COMPETITION

Sponsored by the  
Art Commission of the  
City and County of San Francisco

Report of the Professional Advisor  
Henry Schubart, Jr.  
to the Art Commission and the Competitors

There were 1,209 registrations from 45 countries, approximately half from outside the United States. Registrations were received from Canada, Central and South America, Australia, Asia, Africa, and Europe.

The total number of final submissions was 317, most of which consisted of two plates.

In general, and partially due to international cost differences, there were a large number of submissions which could not possibly have been constructed within the available funds. However, all submissions were made available to the Jury for study with appropriate recommendations and instructions from the Professional Advisor. Those submissions clearly violating the mandatory requirements were eventually removed from competition. As a sketch phase competition, however, entries were considered that might be able to be adjusted in a later phase of design so as to fall within the funds allocated providing this could be accomplished without loss of the central design idea. Other minor technical violations of the mandatory rules were few in number and not significant.

In general, most of the submissions were well presented and the use of photographs of models and drawings attached to the plates was considered to be an excellent method of presentation, permitting a wider latitude of techniques. The final Jury consisted of the following: Thomas Church, Chairman and Landscape Architect; Sybil Moholy-Nagy, Art Historian; Luis Barragan, Architect; Andre Bloc, Sculptor; Moses Lasky, Patron.

Due to travel conflicts and other late commitments, and with the approval of the Art Commission, Mrs. Nagy served in lieu of Dr. Eitner, and Andre Bloc served in lieu of Jacques Lipchitz. Costantino Nivola was also unable to fulfill his commitment as alternate juror and was, therefore, replaced as alternate by Andre Bloc. Unfortunately, this did not occur in sufficient time to notify the registrants.

With one exception, all entries maintained absolute anonymity; both the Jurors and the Professional Advisor were scrupulous in this regard.

The Jury met on Monday, May 17th, as scheduled, and spent the first day reviewing all entries. After a process of elimination, 31 submissions, approximately ten percent, remained for the second day's examinations and deliberations. On Tuesday, May 18th, the Jury spent all day reviewing these submissions and completed their deliberations Tuesday evening. The Jury Report was prepared by Mrs. Nagy on Wednesday morning and was reviewed, amended, and discussed by all Jurors before publication in its final form.

The Jury met in the San Francisco Museum of Art adjacent to the Civic Center and made on-the-site inspections of the existing Plaza during the jury process. The proceedings of the Jury were witnessed by a secretary and assistants. The Professional Advisor took part in the jury process, but did not vote. The Jury decided

SAN FRANCISCO CIVIC CENTER PLAZA  
INTERNATIONAL COMPETITION

Sponsored by the  
Art Commission of the  
City and County of San Francisco

Report of the Jury  
to the Professional Advisor

1. GENERAL CRITICISM OF COMPETITION ENTRIES

The elimination of entries was based on the following considerations:

- a. The majority of schemes showed a disregard for the identification with a specific location and a specific purpose. They could have been put anywhere.
- b. The use of sculpture was based on highly expressionistic concepts which could not be shared by a larger public and would soon seem outdated.
- c. Designs that put construction elements in the center of the Plaza were felt to be in conflict with the need to create a specifically urban space experience, and were felt to compete with the surrounding buildings.
- d. A wide disregard for the restrictions in cost unfortunately required the elimination of some highly creative designs.
- e. A number of designs were too inflexible to permit future enrichment to express the changes that will occur in a growing and changing city.

2. SELECTION OF WINNERS

- a. The First Prize: The Jury selected unanimously Entry No. 183 for the first prize and strongly recommends its realization. The criteria that led to this decision may be summarized as follows:

It was felt that if there was to be a departure from the present design, it should be so decisive that a truly original and new space experience was created. The scheme, comprising a series of flat and varied terraces, represents a fresh and, in many ways, surprising approach.

The visual expansion of the Plaza surface will bring the elevations of the public buildings to the foreground. These buildings are a valid expression of civic tradition. The materials and the detailing are of high quality and should be fully appreciated. The winning design is an essentially contemporary solution which sets off these surrounding buildings to best advantage. It will increase the scale and the majesty of this civic space.

From a purely esthetic standpoint, the variation of surfaces, with slight differentiations in level, will not only permit a rich experience in texture and color, but also in light reflection by day and night. A water pool has been coordinated in the design which will emphasize a three dimensional depth by reflecting the clouds and the sky. In contrast to the present confusion of the Plaza, the new scheme promises an impression of calmness and repose. In the noisy haste of our modern cities, this should be a welcome experience.

The differentiation between the terraces, each of which measures approximately 100 x 100 feet, can be used as seating areas or, in times of public assembly, as platforms.

One of the great advantages of this design is that despite the limitations imposed by the appropriation, the design does permit the basic changes within this budget and makes possible future development in the spirit of the design as further appropriations become possible.

Another specific virtue of the winning design is its flexibility in use and continuous development. The terraces are eminently suitable for outdoor sculpture exhibits. Although no major sculpture has been planned by the designers, there is no reason why excellent pieces of sculpture might not be placed at a future date on one of the terraces.

In considering the actual further development of the selected design, the Jury feels that the following ideas should be kept in mind:

It would be highly desirable that one or two of the Jury members be retained as advisors to the designers. This would guarantee a practical and harmonious execution of the design, as was suggested by the Program.

It must be emphasized that the winning design represents a schematic idea and, therefore, the designers have made no attempt at this stage to correlate their basic idea with usable elements which are now present in the Plaza, although it is clear to the Jury that such a possibility exists.

Particular consideration should be given to the design of the edges of the Plaza so as to delineate the traffic lanes on Polk, McAllister, Larkin and Grove Streets.

Since the flagpoles are a unique feature of the Plaza, they should be retained and placed in a location suggested by the designers, so as to furnish a strong vertical element as counterpoint to the horizontal expanse of the surface and give a joyful color accent.

The surfaces could make use of part of the existing paving and low, flat planting and lawn. Other surfaces, as they appear in the design entry, are covered partly with text intended to tell the history of San Francisco. A modest amount of lettering would be a surprising and exciting challenge to the eye.

A particularly important feature would be lighting. This could be surface floodlighting of each platform from a low level and brilliant lighting in the pool. As suggested in the design, each platform should have a white edge setting it off against the adjacent surface.

The first of these is the fact that the...

second is the fact that the...

third is the fact that the...

fourth is the fact that the...

fifth is the fact that the...

sixth is the fact that the...

seventh is the fact that the...

eighth is the fact that the...

- b. Second Prize: The Jury agreed unanimously to award the second prize to Entry No. 188. The considerations that recommended this scheme were the following:

The wide open area in the center of the Plaza with a pronounced concave curvature gives a strong spatial accent. It is an area that would be eminently suitable for public meetings. The designers have kept this in mind by providing a raised speaker's platform. The urban character is emphasized by a designed pavement pattern and an unobstructed visual axis toward Market Street. The combination of strong sculptural elements in irregular grouping, placed in two pools, provides a vertical emphasis and serves at the same time as lighting sources. The flagpoles have been retained and placed in a strong group.

- c. Third Prize: The Jury decided by majority vote to award the third prize to Entry No. 119 with Monsieur Andre Bloc and Senor Luis Barragan voting against the decision. The reasons for the selection of this project by the three other Jury members were as follows:

The design demonstrates a purely sculptural approach to the Plaza enhancement and complies, therefore, with one of the recommendations of the Program that "visual enjoyment" should be considered. Although the solution for the third prize ignores any major changes in the present design of the Plaza, and certainly cannot be recommended as an improvement from an architectural viewpoint, it demonstrates the contemporary pre-occupation with free-form sculptural arrangements. At best, the excessive height of the main vertical element in the pool sculpture can be considered a dramatic challenge to the renaissance verticality of the City Hall cupola. The sculptural elements themselves have an organic natural quality which would be pleasing to those who want to retain a contact with nature in the city.

It was felt that such a difficult undertaking as truly enhancing of the Plaza needed a more creative and comprehensive overall design.

### 3. CONCLUSIONS

San Francisco is known the world over for its cultural and artistic pioneering spirit. It seems of greatest importance to retain the continuity with the founding decades when the tradition of Europe was maintained as an expression of civic pride: and to combine these statements of the past with a fresh outlook that express the spirit of the future.

The Jury has given the most serious consideration to the selection of the winning design. This design, instead of being just another municipal plaza, is so unique that it will be a matter of comment around the world and will prove to be a perpetual attraction to the visitors. Any other selection would have presented a compromise and would not have permitted an inspiration for future significant contributions in sculpture, paving, lighting, and other aspects of this Plaza. A new beginning in the design of a truly urban environment could emanate from this winning project.

the Jury hopes that the Art Commission will share the Jury's unanimous enthusiasm for this design and its great possibilities and recommends its realization.

For the Jury:

Sibyl Moholy-Nagy  
Professor of Architecture  
Pratt Institute  
Brooklyn, New York

Thomas Church, Chairman, Landscape Architect  
Luis Barragan, Architect  
Andre Bloc, Sculptor  
Moses Lasky, Patron

19 May 1965

Luis Barragan requested that the following personal recommendation be appended:

In regard to the improvement of the Civic Center Plaza, he would like to suggest that the problem is not only a matter of the surface of the Plaza, but rather a problem of urbanism. He thinks it would be helpful to form a committee, independent of the Art Commission, charged with the work and the responsibility to assure overall consideration of the scale and appearance of all buildings, that the Art Commission considers influential to the maintenance of the true function and character of the Civic Center area.

To start such a project, this independent committee should draft a program describing the limits of the study of an area which bears an impact on the Plaza, in order to establish regulations for height of buildings and character of buildings.

This committee should consist of one architect, one urban planner and one landscape architect, all residents of the Bay Area.

Andre Bloc concurs in this suggestion, and further suggests that the entire Civic Center area be considered as a historic site worthy of control and preservation. He would like to add that his reaction to the City of San Francisco is that it should become more concerned with beauty and urban planning.

NOTICE

There will be a special joint meeting of the Art Commission and the Recreation and Park Commission on Tuesday, May 25, 1965, in the office of the Art Commission, Room 281, City Hall.

The purpose of this meeting is to approve the awards selected by the judges for the Civic Center Plaza International Competition.

Your presence at this meeting is urgently requested.

#183 - First Prize - \$3,750: Architects Ivan Tzvetin and Angela Danadjieva, 40 Rue Paul Bert, Suresnes (Seine) Paris, France.

#188 - Second Prize - \$3,250: Iwona Sadowska and Andrzej Gorczynski, architects, Marek Lewandowski, industrial designer, Warsaw, Poland.

#119 - Third Prize - \$3,000: Sidney Katz, architect, New York; John Matt, sculptor, Connecticut; Associates Michael Bobick, William Vitto, Albert Lorenz.

Mr. Schubart further stated that if the Art Commission and the Recreation and Park Commission approved the winning design, the winner will receive an additional amount of \$10,000 as follows: upon execution of the contract, he will receive the amount of \$5,000, and upon satisfactory completion of the detailed drawings and model, he will receive the remaining \$5,000.

Mr. Schubart remarked that the prizes will automatically be awarded as provided by the terms of the Competition.

Commissioner Rockwell stated that the members of the Civic Center Competition Committee of the Art Commission were unanimous in their recommendation that the winning design be approved for its development.

Commissioner Herz stated that the members of the Civic Center Competition Committee of the Recreation and Park Commission realized that the winning design was unusual and completely different from the present or former Plaza; that it had been selected by a world famous jury; but that after consultation with Mr. Frank Foehr, Superintendent of Parks, decided that it would not be appropriate for the Plaza; that it would not provide enough space for the general public; and that, therefore, the Committee did not recommend its approval.

Commissioner Ets-Hokin complimented Mr. Schubart and the members of the Jury, and expressed his complete approval of the winning design, stating that it would unite the classical and contemporary architecture around the Plaza, and that it was most appropriate for a sophisticated city like San Francisco.

Commissioner Delap remarked that the winning design was not a concept, but that it was a piece of sculpture.

MINUTES (Continued)

Commissioner Martinez expressed her approval of the winning design, but suggested further consideration before proceeding with the plan, so that the presidents of the two Commissions could present their ideas.

Commissioner Kearney expressed his disappointment in the design; that it was flat, unimaginative, and did nothing for the Plaza.

Commissioner Patri mentioned that the merit of the design only should be considered; that there was no indication for or against fountains or plantings; that such detail would be supplied by the designer in the next phase.

In response to an inquiry, Mr. Schubart stated that the winning designs would be on display for the public at the San Francisco Museum of Art.

Following general discussion, and on motion of Commissioner Martinez, seconded by Commissioner Wallace, the matter of approving the winning design was postponed until the July meeting of the Art Commission, by the following vote:

Ayes:

SAN FRANCISCO CIVIC CENTER PLAZA  
INTERNATIONAL COMPETITION

Sponsored by the Art Commission of the City and County of San Francisco  
For Release May 25, 1965

A team of young designers working presently in Paris, were announced as first-prize winners in the International Design Competition for the Beautification of the San Francisco Civic Center Plaza, at this afternoon's meeting of the Art Commission. By unanimous decision, the Jury awarded the \$3750 first prize to Ivan Tzvetin and his associate Angela Danadjieva. Both members of the winning team, still in their thirties, are graduates of the State University in Sofia, Bulgaria, though they now practice and reside in Paris: Tzvetin as an architect and planner; mlle. Danadjieva as specialist in design of sets for theater and TV. They combined effort to place second in a similar competition for design of a monument and plaza in Playa Giron, last year.

The winning designs were chosen by a professional jury consisting of:

Thomas Church, Jury Chairman, Landscape Architect, San Francisco; Sibyl Moholy-Nagy, Art Historian, Professor Pratt Institute, New York; Andre Bloc, Sculptor, Editor L'Art D'Aujourd'hui, Paris, France; Moses Lasky, Attorney, Art Patron, San Francisco; Luis Barragan, Architect, Mexico City.

#183 - First Prize - \$3,750: Architects Ivan Tzvetin and Angela Danadjieva, 40 Rue Paul Bert, Suresnes (Seine) Paris, France.

Ivan Tzvetin: Thirty-six years old, currently working in the office of Architect Reymond Gravrean, Paris. Received his degree in 1953 from the State University in Sofia, Bulgaria. Since his graduation, he has worked on large building and planning projects.

Angela Danadjieva: Thirty-four years old; received her degree in 1956 from the State University in Sofia, Bulgaria. From 1956 thru 1963, worked as major set designer for movie films and theater and has received honors for her work. In 1964, this team of designers won second prize in the competition for a monument and plaza in Playa Giron, held under the auspices of the International Union of Architects with a distinguished international jury.

#188 - Second Prize - \$3,250: Iwona Sadowska and Andrzej Gorczynski, architects, Marek Lewandowski, Industrial designer, Warsaw, Poland.

The architects are graduates of the Warsaw Polytechnical School's Faculty of Architecture and are currently teaching town planning at the University.

Lewandowski is a graduate of the Industrial Design Faculty of Warsaw's Fine Arts College, practiced in Holland, and is currently employed as a set designer in Warsaw TV studios.

#119 - Third Prize - \$3,000: Sidney Katz, architect, New York; John Matt, sculptor, Connecticut; Associates Michael Bobick, William Vitto, Albert Lorenz.

Sidney Katz, architect, city planner, of the firm of Katz, Waisman, Weber, Strauss; Architects, Engineers. He has won 25 awards in architectural design competitions and recently received two national citations in the field of city planning for the redesign of Midtown Manhattan and the Morristown, New Jersey town center. John Matt, sculptor, attended the Ringling School of Art, Sarasota, Florida and the Pennsylvania Academy of Fine Arts, Philadelphia.

June 7, 1965

The Secretary received the following communication from Mr. Thomas J. Mellon, Chief Administrative Officer, under date of May 14, 1965:

"Dear Mr. Dyer:

"I am advised by the City Attorney that pursuant to a decision of the Supreme Court of California upholding a judgment of the Superior Court of the City and County of San Francisco that the City will be obliged to pay Benjamin Bufano \$50,000 plus interest for three statues which he produced some years ago.

"It is my understanding that two of these statues are being warehoused at the Northeast Sewage Disposal Plant and the other is on display at the Eureka Valley Library. This office has been considering the possibility of offering these objects of art for sale to satisfy the above referred to judgments, and I ask if your Commission would have any objection to this course of action. It would be helpful if this matter could be discussed at your next meeting so that we might be advised of your Commission's wishes as soon as possible.

"Sincerely,

(S) Thomas J. Mellon  
Chief Administrative Officer"

The Chair referred the matter to the Committee on Painting and Sculpture.

Adjournment: There being no further business the meeting adjourned at 5:10 P.M.

The next regular meeting will be held on Monday, July 12, 1965  
at 3:45 P.M. in the office of the Commission, Room 281 City Hall.

Respectfully submitted,

Joseph H. Dyer, Jr.  
Secretary

RESOLUTION NO. 8644-1965-S

RECOMMENDATIONS OF THE CIVIC DESIGN COMMITTEE ON CIVIC CENTER PLAZA COMPETITION

RESOLVED That at a regular meeting of the Art Commission held on July 12, 1965, the Art Commission does hereby authorize the City Attorney to prepare a contract between the City and Ivan Tzvetin and Angela Danadjieva for the completion of detailed drawings and a model of the winning design selected by the Jury for the Competition for the Enhancement of the Civic Center Plaza.

The winners shall receive the amount of \$5,000 upon execution of the contract, and upon satisfactory completion of the detailed drawings and model, they shall receive a further amount of \$5,000.

Only if the Art Commission and the Recreation and Park Commission approve the more detailed studies, will the winner be required to execute his work for which a further sum of \$40,000 is programmed.

If the Commission does not approve the more detailed design and model, the contract shall be terminated and the City shall have no further obligation to the winners.

On the recommendation of the Professional Advisor, the winners are hereby required to associate with another professional acceptable to the Art Commission. Their fee for the execution of the work will not be increased by reason of association. This association shall be a condition of the contract.

RESOLUTION NO. 8671-1965-S

CARNIVAL ON GROVE STREET FACING  
CIVIC AUDITORIUM

WHEREAS It has just been ascertained that a permit was given by the Board of Supervisors for a carnival to be held on Grove Street facing the Civic Auditorium from August 3 to August 8, 1965, and

WHEREAS That prior to the permit being issued the Art Commission was not advised, nor the Director of Property and the Manager of the Civic Auditorium, and

WHEREAS On August 4 the Art Commission will have a Municipal Pop Concert with Arthur Fiedler and the San Francisco Symphony with an anticipated attendance of 7,000 people at the Civic Auditorium, those who come in private automobiles, taxi cabs, and private cars, and

WHEREAS Such carnival would create a traffic hazard and the noise from the loud speakers of such carnival would be a distraction for those attending the Symphony Concert, therefore,

BE IT RESOLVED That at a regular meeting of the Art Commission held on August 2, 1965, the Commission does hereby request that the Board of Supervisors and the Chief of Police prohibit said carnival from operating on August 4, (the date of said concert), after 6 P.M.

"REPORT ON EXAMINATION OF ACCOUNTING PROCEDURES -  
OFFICE OF THE ART COMMISSION  
CITY AND COUNTY OF SAN FRANCISCO

"Mr. Harry D. Ross, Controller,  
City and County of San Francisco:

"We have examined the procedures and internal control of the Office of the Art Commission of the City and County of San Francisco relating to revenue, time rolls, work orders, and procurement, including receipt, custody, and disposition of personal property. Our examination included such tests of the departmental records as we considered necessary in the circumstances.

"Supplementary reports, having city-wide application with respect to the aforementioned procedures and describing possible electronic data processing applications, will be presented separately and will include comments on minor variations from prescribed procedures and Charter requirements.

"In our opinion, subject to the above-mentioned supplementary reports, the procedures presently in effect at the Office of the Art Commission relating to the transactions referred to above result in adequate internal control and are in substantial compliance with Charter requirements.

MINUTES

The Minutes of August 2, 1965 meeting were approved.

CIVIC DESIGN COMMITTEE The Acting Secretary read the following report from the Recreation and Park Commission's meeting of August 12, 1965, in respect to the Civic Center Plaza Competition.

"CIVIC CENTER PLAZA:

"President Haas stated that he had attended the meeting of the Art Commission which was held on July 12, 1965, relative to the Winning Design resulting from the Civic Center Plaza International Competition, but that he had abstained from voting. President Haas stated that since that time he had received certain figures from the City Architect which indicated that the removal of the present Plaza and the cost of installing the new design would run approximately one million dollars, and that he had passed this information on to Mr. Schubart.

"Mr. Henry Schubart, Jr., Professional Advisor, stated that the matter to be decided now by this Commission was whether or not the result of the Competition which was held by the Art Commission, at the behest of the Board of Supervisors, is to be further developed to a more basic preliminary design. Mr. Schubart mentioned that the terms outlined in the program for the Competition had been approved by both the Art Commission and the Recreation and Park Commission, by the City Attorney's office, and by the Controller's office.

"Mr. Schubart then read the following resolution No. 8644-1965-S, which had been adopted by the Art Commission at its meeting of July 12, 1965:

CIVIC CENTER PLAZA (Continued)

"RESOLUTION NO. 8644-1965-S

"RESOLVED, That at a regular meeting of the Art Commission held on July 12, 1965, the Art Commission does hereby authorize the City Attorney to prepare a contract between the City and Ivan Tzvetin and Angela Danadjieva for the completion of detailed drawings and a model of the winning design selected by the Jury for the Competition for the Enhancement of the Civic Center Plaza.

The winners shall receive the amount of \$5,000 upon execution of the contract, and upon satisfactory completion of the detailed drawings and model, they shall receive a further amount of \$5,000.

Only if the Art Commission and the Recreation and Park Commission approve the more detailed studies, will the winner be required to execute his work for which a further sum of \$40,000 is programmed.

If the Commission does not approve the more detailed design and model, the contract shall be terminated and the City shall have no further obligation to the winners.

On the recommendation of the Professional Advisor, the winners are hereby required to associate with another professional acceptable to the Art Commission. Their fee for the execution of the work will not be increased by reason of association. This association shall be a condition of the contract.

Nothing shall be done under this resolution until any necessary action of the Recreation and Park Commission has been taken."

.....

"Mr. Schubart remarked that in an open competition of this sort requiring a very broad conceptual approach to the design, drawings are inadequate, and many people who are not professionals find it difficult to read them. According to Mr. Schubart the jurors felt that the Winning Design was a brilliant contribution, and he stated that it was essential in order to maintain the value of a competition to proceed with the completion of detailed drawings and model.

"Mr. Schubart referred to the figures from the City Architect, previously mentioned by President Haas, and stated that in his opinion the amount appropriated for the construction and installation of the Winning Design - \$180,000 - was grossly inadequate, but that the winning architects were aware of the sum available for this purpose, and should be given a chance to develop their scheme and to have the benefit of the advice of Mr. Thomas Church, and the help of the City Architect.

"Mr. Schubart further stated that the Commission's affirmative action would not indicate approval of the Winning Design and would not involve the Commission in any guarantee or implication that it agrees to proceed to construct the Winning Design, but that it would authorize the expenditure of \$10,000 so that the winners may prepare detailed drawings and model.

"Mr. Tito Patri, a member of the Art Commission stated that the American Society of Landscape Architects, the Regional Arts Council, and the American Institute of Architects had adopted resolutions urging that both Commissions proceed to the developmental stage, and also stated that if the Commission approved the expenditure of the \$10,000 it did not mean that the project would have to be constructed.

September 8, 1965

CIVIC CENTER PLAZA (Continued)

"Mr. Burton Rockwell, also a member of the Art Commission, stated that the contest was the Art Commission's responsibility; that the presentation at this stage was incomplete; and urged the members of the Recreation and Park Commission to support the Art Commission in order to complete the details of the Winning Design by approving the expenditure of \$10,000 to provide for detailed drawings and model.

"President Haas mentioned that there had been expressions by members of the Recreation and Park Commission that they did not like the Winning Design, but that now he was concerned with the moral argument as to whether or not the second step should be authorized.

"Vice President Coffman stated that he was impressed that so many architects and professionals favored proceeding to the second step, and that inasmuch as all the members of the Art Commission favored this action, he moved, seconded by Commissioner Haldeman, that under the circumstances the second step only, which would provide \$10,000 for completion of the detailed drawings and model, should be taken.

"Commissioner Conway objected to the motion which approved the expenditure of \$10,000, and stated that the fundamental objective of the Competition was to enhance and to embellish the Civic Center Plaza; that approximately \$750,000 had already been invested in the present Plaza and that a new Plaza would cost a very sizable amount; also, that the Winning Design would not be consistent with the Master Plan which provides for a clear esplanade from the steps of the City Hall to Market Street. Commissioner Conway remarked that at the time of the construction of Brooks Hall and the Garage this Commission had asked that the Plaza be restored to its original plan, which was most attractive but that this was never done.

"After general discussion, the following resolution was adopted, with Vice President Coffman and Commissioner Haldeman dissenting:

"RESOLUTION NO. 6333

"RESOLVED, that this Commission does not approve an additional expenditure of \$10,000 in connection with the Winning Design resulting from the Civic Center Plaza International Competition, which would provide detailed drawings and model upon execution of a contract with the Winning Architects."

Commissioner Rockwell introduced a motion which was seconded by Commissioner Ets-Hokin and passed, requesting the Secretary to solicit an opinion from the City Attorney as to whether Recreation and Park Department approval is necessary before the Art Commission proceeds with Phase 2 of the Civic Center Competition Program.

CIVIC CENTER PLAZA COMPETITION

Mr. Henry Schubart, Jr., Professional Advisor, submitted the following final report to the Art Commission in regard to the Civic Center Plaza Competition:

"This letter will constitute my final report to the Commission in regard to the Civic Center Plaza Competition.

"Following the action of the Recreation & Park Commission rejecting the design, your Commission requested a legal opinion from the City Attorney as to the propriety of the Art Commission proceeding with the next stage of design without the concurrence of the Recreation & Park Commission. A copy of an informal letter from the City Attorney addressed to Martin Snipper has been forwarded to me indicating that such action will not be possible. If you are satisfied that this letter meets the requirements of your Commission for a formal opinion, there is, then, no further avenue open and the Competition has been fully concluded.

"Following the action of the Recreation & Park Commission, Mr. Dyer instructed me to hold up return of the drawings to the competitors pending any further action by your Commission. However, early in September, I was authorized to proceed to pack and ship the drawings. Those submissions which were properly marked for return have been packed and shipped and the remaining submissions have been returned to the basement storage space of the Commission in City Hall. The three prize winning designs have been turned over to your Commission as a permanent acquisition.

"Attached hereto is a formal copy of the Jury Report and my report to the Commission in regard to the Competition. Also attached you will find a final statement for administrative expenses and a statement for the final portion of my fee which is now due and payable, as well as a copy of my letter to Mr. Joseph Dyer transmitting these statements. There remains an unexpended balance of \$232,000 originally appropriated by the Board of Supervisors for the Competition.

"I have appreciated the confidence vested in me by the Commission and have done my best to obtain broad interest and participation in the Competition, and sincerely regret that the action of the Recreation & Park Commission forestalls the possibility

for execution of the winning design. Should there be need for any additional minor consultation or assistance required of me by the Art Commission, I will be pleased to assist you in any way possible.

"Sincerely yours,

(S) "Henry Schubart, Jr."

NOTE: Copies of Jury Report and Report of the Professional Advisor, Henry Schubart, Jr., have been forwarded to all members of the Art Commission and the Recreation and Park Commission.

Commissioner Wallace submitted the following resolutions which were seconded by Commissioner Shumate and met with the unanimous approval of the Art Commission.

Commissioner Lapin submitted the following resolution which was seconded by Commissioner Wallace and met with the unanimous approval of the Art Commission, with the exception of Commissioner Haas who abstained from voting.

RESOLUTION NO. 8703-1965-S

PALACE OF FINE ARTS

WHEREAS The Annual San Francisco Art Festival enjoys a unique reputation as an example of municipal furtherance of art, and

WHEREAS The expansion and continuing growth of the Art Festival is contingent upon obtaining an adequate site for exhibiting and staging this annual event, and

WHEREAS The Palace of Fine Arts is deemed the most desirable and appropriate location for the Art Festival, therefore,

BE IT RESOLVED That at the regular meeting of the Art Commission held on October 4, 1965, the Art Commission does petition the Honorable Board of the Recreation and Park Commission to consider the needs of the Annual Art Festival, and that in providing for the future operation of the Palace of Fine Arts, provision be made in its basic operating procedure for the granting of two weeks' annual use of said building, free of all charges, to the Art Festival or Art Commission.

Commissioner Lapin submitted the following resolution which was seconded by Commissioner Callanan and met with the unanimous approval of the Art Commission.

RESOLUTION NO. 8704-1965-S

AWARD OF MERIT - MUSICIANS' UNION

WHEREAS The Musicians' Union, Local No. 6, has provided through its National Transcription Fund, Samuel Rosenbaum, Trustee, the services of free musicians to the Annual Art Festival, and

WHEREAS The music provided has been of major significance to the success and enjoyment of this annual municipal event, and

WHEREAS A generous and outstanding contribution has been made for two decades, therefore,

BE IT RESOLVED That the Art Commission does hereby commend the Musicians' Union and its parent organization for their generosity and public spirit and hereby awards them an Award of Merit.

Commissioner Kennedy submitted the following resolution which was seconded by Commissioner Wallace and met with the unanimous approval of the Art Commission.

RESOLUTION NO. 8705-1965-S

PROPOSITION B-PROPOSED CULTURAL BOND ISSUE

WHEREAS The need has been overwhelmingly demonstrated for repair and rehabilitation of the San Francisco War Memorial Opera House and Veterans Auditorium, and

WHEREAS Construction is imperative for new parking facilities and creation of a new multi-purpose performing arts building for rehearsals and a new theatre for Symphony, Ballet and Drama, and

WHEREAS A Bond Issue for \$29,000,000 has been proposed to meet these cultural needs and is to be placed on the November, 1965, ballot as Proposition B, therefore

October 4, 1965

PROPOSITION B - PROPOSED CULTURAL BOND ISSUE (Continued)

BE IT REMEMBERED That the San Francisco Art Commission at its regular meeting of October 4, 1965, does hereby endorse and support Proposition B and calls upon the electorate to support said Proposition.

CIVIC  
DESIGN  
COMMITTEE

Commissioner Esherick submitted the following resolution which was seconded by Commissioner Hellyer and met with the unanimous approval of the Art Commission.

RESOLUTION NO. 8706-1965-S

PROCEDURES ON FUTURE COMPETITIONS

WHEREAS, Successful completion of architectural or design competitions appear to be virtually impossible when there exist conflicting jurisdictions, as is generally the case under the City Charter, therefore

BE IT RESOLVED, That at a regular meeting of the Art Commission held on November 1, 1965, the Commission recommends that the Mayor order a thorough study of architectural or design competitions with the aim of developing procedures that would assure the city that competitions once started may be carried through to completion.

\* \* \*

Commissioner Rockwell submitted the following resolution:

WHEREAS, The recent construction and renovation work at the San Francisco International Airport, approved by the Art Commission, is of a high quality and will present a favorable introduction to San Francisco, and

WHEREAS, Current plans for minor facilities appear to be at variance with this favorable introduction, therefore,

BE IT RESOLVED, That at a regular meeting of the Art Commission held on November 1, 1965, the Commission requests that the Public Utilities Commission consult with the Art Commission before plans for features that are important to the visual environment are completed.

The Chair suggested the Civic Design Committee request a conference with the Public Utilities Commission to discuss new plans for minor facilities at the airport. Mr. Rockwell concurred and withdrew the resolution. The Chair instructed the Secretary to arrange a meeting between Mr. James K. Carr, General Manager of the Public Utilities Commission, and the Civic Design Committee prior to the next meeting of the Art Commission.

Commissioner Rockwell submitted the following resolutions which were seconded by Commissioner Shumate and met with the unanimous approval of the Art Commission.

RESOLUTION NO. 8707-1965-S

Commissioner Rockwell submitted the following resolution which was seconded by Commissioner Callanan and met with the unanimous approval of the Art Commission.

THE UNIVERSITY OF CHICAGO  
DEPARTMENT OF CHEMISTRY  
RESEARCH REPORT NO. 1000

THE PREPARATION OF POLYMERIZABLE  
MONOMERS OF THE TYPE  $\text{CH}_2=\text{CH}-\text{C}(=\text{O})-\text{R}$  WHERE R IS A  
SUBSTITUENT GROUP. THE PREPARATION OF THESE MONOMERS  
IS DESCRIBED IN THE FOLLOWING REPORT.

THE MONOMERS WERE PREPARED BY THE  
REACTION OF CARBOXYLIC ACIDS WITH  
ACETYLENE IN THE PRESENCE OF A  
CATALYST. THE REACTION WAS  
CARRIED OUT IN A REACTION VESSEL  
EQUIPPED WITH A REFRIGERANT  
COIL AND A MECHANICAL STIRRER.

THE REACTION WAS MONITORED BY  
TITRATION WITH A STANDARD  
SOLUTION OF SODIUM HYDROXIDE.  
THE ENDPOINT OF THE TITRATION  
WAS INDICATED BY A CHANGE IN  
COLOR OF THE SOLUTION.

THE MONOMERS WERE PURIFIED BY  
DISTILLATION UNDER REDUCED  
PRESSURE. THE PURITY OF THE  
MONOMERS WAS DETERMINED BY  
ANALYSIS OF THE IR SPECTRA.  
THE IR SPECTRA WERE OBTAINED  
BY THE KBr PELLET METHOD.

THE MONOMERS WERE STORED IN  
BOTTLES UNDER NITROGEN GAS.

THE MONOMERS WERE USED IN  
THE PREPARATION OF POLYMERS.

In reference to the motion of Mr. Rockwell at the September 1965 meeting of the Art Commission introduced by Commissioner Kearney to the effect that the Art Commission request the local chapter of the American Institute of Architects, and through them the California Council of Architects, for an opinion as to the adequacy of architectural fees presently in effect for the construction of local, state and Federal public buildings in San Francisco, the Secretary read the following communication:

"December 3, 1965

"Art Commission  
City and County of San Francisco  
Room 281 City Hall  
San Francisco, California 94102

"Attention: Joseph Dyer, Executive Secretary

"Subject: Study of Fees in Relation to Quality of Design.

"Honorable Gentlemen:

"The Northern California Chapter of The American Institute of Architects acknowledges the request of the Art Commission to study the relationship of architectural fees in relation to aesthetic merit of civic structures, and is pleased to inform you that such a study will be undertaken beginning January 1966.

Eugene E. Crawford, AIA, past president of the Chapter and a respected Bay Area architect, will be the chairman of the committee making the study. The other members are: Cabell Gwathmey, AIA, also a past president of the Chapter, Treasurer of the California Council of The American Institute of Architects and national Director-designate of The American Institute of Architects; and Hervey Parke Clark, FAIA,

the first of these is the fact that the system is not self-sufficient in the production of the raw materials required for the manufacture of the various components of the system.

The second of these is the fact that the system is not self-sufficient in the production of the various components of the system.

Component	Quantity		Unit
	1950	1951	
1. Raw materials	100	100	100
2. Components	100	100	100
3. Assembly	100	100	100
4. Distribution	100	100	100
5. Maintenance	100	100	100
6. Repairs	100	100	100
7. Replacement	100	100	100
8. Upgrades	100	100	100
9. Decommissioning	100	100	100
10. Total	1000	1000	1000

The third of these is the fact that the system is not self-sufficient in the production of the various components of the system.

The fourth of these is the fact that the system is not self-sufficient in the production of the various components of the system.

The fifth of these is the fact that the system is not self-sufficient in the production of the various components of the system.

Letter from Northern California Chapter of the  
American Institute of Architects (Continued)

distinguished Fellow of The American Institute of Architects.

"It is the charge of this committee to confer with the Art Commission or its designated representatives, the various other Commissions, department heads and administrative officers in the City and County government. The findings of the committee will be submitted to the Northern California Chapter for concurrence or further deliberation, and a report will then be prepared for the Art Commission.

"Any suggestions or direction that the Art Commission wishes to give the committee will be welcomed. The participation of the California Council of The American Institute of Architects in the committee's study will be through the California Council's fee committees and through Mr. Gwathmey's position as an officer of the California Council. Liaison work with the landscape architect and planning professions will be maintained, and with other fee study groups within the Institute.

"With appreciation for the challenging task that you have given us.

"Sincerely,

"Burton Rockwell  
"President"

The President instructed the Secretary to incorporate said communication in the official minutes of the commission.

DEDICATION PLAQUE FOR PAVILION OF  
AMERICAN FLAGS, CIVIC CENTER PLAZA

RESOLVED That at a regular meeting of the Art Commission held on February 7, 1966, the Commission APPROVED Phase 1 of drawing for Dedication Plaque for Pavilion of American Flags, Civic Center Plaza, with the following notation: "Approval of Option #2 only (Plaque sunk into pavement)." The Following text was also approved:

This nation rededicates its democratic purpose by flying proudly these flags of our heritage. At Breeds Hill a determined handful of Americans first raised a flag of an infant nation, that by its thirteen encircled stars fulfilled a dream of everlasting equality, justice, and freedom. Down through the years our ancestors swept westward raising still new banners symbolizing their belief in our future and destiny. Now in this Pavilion we pay homage to that which has passed by waving these flags in perpetuity -- "Forever shall they wave."

March 7, 1966

VISUAL        The Secretary presented the following report from  
ARTS         Commissioner Shumate, Chairman of the Enrichment of  
COMMITTEE   Public Buildings Committee.

#### SUGGESTED PROCEDURE FOR COMMITTEE OF ENRICHMENT OF PUBLIC BUILDINGS

The scope and implication of the amendment are not spelled out in detail, therefore, a bold, positive position by the Art Commission, now at its inception, will not only establish leadership but give form and shape to the legislation. The influence of the Art Commission must be firmly established, and, in turn, successful administration of the Ordinance will benefit the community as well as add prestige and significance to the role of the Art Commission.

The Art Commission should, at once, inform all city agencies of the new legislation and request that the Art Commission be informed and kept informed of any proposed construction project - as per ordinance. The Executive Secretary should maintain a file of all proposed structures and follow their development so that procedures are maintained and confusion prevented.

The formation of this new Committee is evidently required because the core of the new legislation is the integration of art and architecture, and none of the older established committees encompass artists and architecture. The Executive Secretary of the Art Commission shall act in a similar capacity for this Committee.

#### PROCEDURE:

The first paragraph of the Ordinance is fairly specific and the recommendation of the Art Commission should be a routine matter. No plans are submitted at this stage. The Committee for Enrichment of Public Buildings is informed of a proposed structure - in writing - and if in its estimation the building is of such character, location or use, that it deserves artistic enrichment, it recommends accordingly.

Paragraph 4 of the Ordinance, however, requires the establishment of progressive controls as follows:

1. In all cases where an architect has been selected for a specific project, the Art Commission should be so informed by the Chief Administrative Officer - forwarding the name and address of the contracted architectural firm.
2. Phase I.
  - a. The architect shall be informed by the Art Commission that X amount of dollars have been ear-marked for enrichment, and that his Phase I submittals to the Civic Design Committee will also be reviewed by the Committee for Enrichment of Public Buildings. He shall indicate those areas which are to receive artistic treatment.
  - b. The architect shall be advised by the Art Commission that it looks with favor upon the early utilization of the artist - that is, while the project is in the design stage. This is to insure that art is integrated into the structure rather than applied.

March 7, 1966

Suggested Procedure for Committee of Enrichment of Public Buildings (Continued)

- c. Upon the submission of Phase I drawings, the architect shall submit to the Committee of Enrichment of Public Buildings the name of the proposed artist or artists, as the case may be, together with photographs of prior art works or commissions and biographical material. If in the judgment of the Committee, the proposed artist is not deemed suitable or competent, the Committee reserves the right to request alternate choices. Failure of the architect to suggest artists, or if in the judgment of the Committee the suggested artists fail to meet its criteria, shall result in the Commission suggesting a panel of artists from which the architect may make his selection. (The preceding point envisions the compilation, by the Art Commission, of a file of artists, painters, sculptors, etc., who are capable and have executed public commissions).
- d. Upon acceptance of the proposed building area to be enriched and the suggested artist, the Commission shall approve a contract with the artist for execution of his work.

3. Phase II.

- a. Phase II submittals shall again be reviewed by the Civic Design Committee, as well as the Committee on Enrichment of Public Buildings. (It is recommended that these Committees meet independently of each other).
- b. Phase II submittals shall require presentation of original work or models of proposed art works.
- c. Following acceptance of Phase II submittals, the Executive Secretary shall be kept informed of progress in execution of the art work, and in turn he shall inform the Committee which shall be responsible for its execution.
- d. Upon completion of the art projects, the Committee of Enrichment of Public Buildings shall be advised, and shall certify that the completed work conforms to the approved designs and contract.

- 4. The manner in which the Art Commission approves or commissions the artist must be kept flexible, so that expenditure of public funds is wise and maximum benefits are achieved. The preceding outline would suffice for minor commissions. Should the scope and funds available begin to approach sizable proportions, then the Art Commission should reserve the right to conduct limited and/or invited competitions. In some cases it may even consider major competitions (a \$30,000,000 cultural center for example, would result in \$600,000 being available for embellishment.)

The above program has been purposely tied to the mechanics now in existence. This is to prevent unnecessary complications. It is merely an extension of our present procedure.

The Chair suggested that before the report was adopted, the Commissioners study and review the recommendations, and that ratification with any amendments be carried over to the April meeting.

RESOLUTION NO. 8786-1966-S

SUPPLEMENTAL APPROPRIATION - EXPENSES FOR  
COMPETITION - HALL OF JUSTICE

WHEREAS The Honorable John F. Shelley, Mayor, and the Board of Supervisors have passed an Ordinance appropriating the sum of \$142,000 for the purpose of enriching the Hall of Justice by works of art to be acquired through competitions conducted by the Art Commission, and

WHEREAS, Said funds are Bond Funds and therefore may not be expended for the purpose of administering said competitions both as regards to a Coordinator's fee or administrative costs, therefore

BE IT RESOLVED That at a regular meeting of the Art Commission held on March 7, 1966, the Art Commission does hereby request enabling funds to fulfill its obligation to the Mayor and Board of Supervisors. NEW The Secretary read the following report from the minutes  
BUSINESS: of the meeting of the Recreation and Park Commission held  
on January 27, 1966:

"CIVIC CENTER PLAZA:

"Commissioner Haas referred to the recent competition for the enhancement of the Civic Center Plaza, and stated that although the resultant winning design had not been approved by the Recreation and Park Commission, there was money available for use by the Art Commission for the beautification of the Plaza.

"Commissioner Haas stressed the importance of working with the Art Commission on such a project from the very beginning, and said that he had consulted the President of the Art Commission and one of the finest landscape architects in this area, who had agreed to prepare a preliminary plan for the redesign of the Civic Center Plaza at a cost of \$6,000.00.

"Commissioner Haas asked the Commission to authorize him to proceed in making the necessary arrangements with the landscape architect, whose name will be disclosed at a later date, to prepare the necessary preliminary plans.

"Commissioner Haas further stated that there would be no cost to the City for the preliminary plans and that he would arrange for payment of the architect's fee - \$6,000.00 - at the proper time.

"Following expressions of appreciation to Commissioner Haas for his proposal, and on motion of Commissioner Bercut, seconded by Commissioner Coffman, the following resolution was adopted:

"RESOLUTION NO. 6589

"RESOLVED, that this Commission does hereby approve in principle a proposal to redesign the Civic Center Plaza; and

"FURTHER RESOLVED, that Commissioner Haas is hereby authorized to make whatever arrangement may be necessary for the preparation of preliminary plans for this project at no cost to the City."

BE IT RESOLVED, That at a regular meeting of the Art Commission held on June 6, 1966,

SECTION I. The President and Secretary, or the Vice-President and Secretary, are hereby authorized to enter into contract with Joseph Paul to prepare, issue and place all phases of publicity and advertising, as well as all phases of public relations attendant to the Art Commission's presentation of all music, including Symphony Concerts, Ballets, and any special musical events that the Art Commission should so designate, for the fiscal year 1965-1966, and to be paid the sum of Six Thousand Five Hundred Fifty (\$6,550.00) Dollars, and payable in twelve monthly installments to be made at the first of each month.

SECTION II. Joseph Paul agrees that out of this sum of Six Thousand Five Hundred Fifty Dollars, all personnel to perform the specific duties will be furnished by Joseph Paul.

SECTION III. It is hereby declared that the services to be rendered by Joseph Paul are of a temporary nature and require high technical skill and that the position occupied by said Joseph Paul shall not be subject to the provisions of Section 142 of the Charter of the City and County of San Francisco.

SECTION IV. Contract covering the above services is to be prepared, then approved and certified by the City Attorney and the Controller of the City and County of San Francisco.

ADJOURNMENT: There being no further business, the meeting adjourned at 5:30 P.M. The next regular meeting will be held on Monday, July 11, 1966, at 3:45 P.M. in the office of the Commission, Room 281, City Hall.

Respectfully submitted,

RESOLUTION NO. 8873-1966-S

HALL OF JUSTICE ART COMPETITIONS  
AND PURCHASE PROGRAM

RESOLVED, That at a regular meeting of the Art Commission held on August 1, 1966, the Commission hereby accepts the recommendations of the Committee on Enrichment of Public Buildings, and does hereby approve the following report on the "Hall of Justice Art Competitions and Purchase Program".

HALL OF JUSTICE ART COMPETITIONS AND PURCHASE PROGRAM

The City of San Francisco proposes to enhance the Hall of Justice by the installation of works of art acquired in a series of sculptural competitions and through the purchase of easel paintings.

The Hall of Justice, a large grey granite structure, is located on the north side of Bryant Street, between Sixth and Seventh Streets. It was designed by the architectural firm of Weihe, Frick & Kruse, and was completed in 1962. It houses on the first, fourth, and fifth floors various departments of the police. The second and third floors are occupied by the Municipal and Superior Courts, as well as the offices of the District Attorney and the Public Defender. The upper-most floors contain the jails of the City and County.

A detailed description of the building is omitted, since it is assumed that competitors, being residents of the Bay Area, if interested, will visit the building in order to familiarize themselves with the structure, and to consider the problem involved at first hand.

ELIGIBILITY

Painters, sculptors, and craftsmen residing in the nine Bay Area Counties may submit to any or all competitions as detailed and directed in the respective information sheets (Competitions A, B, C, & D). The nine counties are San Francisco, San Mateo, Santa Clara, Alameda, Contra Costa, Marin, Sonoma, Napa and Solano. It should be noted that Competition A is a limited invitational sculpture competition. Competition B is an open sculptural competition, while Competition C is open to all artists. Purchase Program D is confined to painters, graphic artists and specific crafts.

Liability

While every precaution will be exercised in the proper care and handling of submissions, the City of San Francisco, the Art Commission, and the Coordinator and staff assumes no responsibility for loss, theft or damage by any cause to any work.

August 1, 1966

## Exhibition of Winners

The Coordinator shall arrange to exhibit all Competition winners and purchases. In addition, it is hoped that a representative selection of competing designs will also be shown.

### INFORMATION - HALL OF JUSTICE COMPETITION A

#### Objective

A monumental sculptural work to be placed at the main entrance of the Hall of Justice, 850 Bryant Street. The sculpture shall not only enhance and relieve the austerity of the building, but dramatize the entrance. It may, but not necessarily, relate to the more social functions of the building.

#### Competition - Phase I

The competition in its final stage will be limited to five invited sculptors. The sculptors to be invited will be determined by the following procedure:

In order to insure all sculptors due consideration - all sculptors in the Bay Area are invited to submit photographs, transparencies, reproductions, etc., of previously executed works, so that the jury will be provided with a working knowledge of the background, capabilities and expression of submitting sculptors. A biographical sketch and personal art history should accompany this material together with an indication of the range of materials in which the sculptor works and is familiar.

The jury will review all submissions and will recommend to the Art Commission five sculptors who in their view best exhibit the potential abilities and knowledge requisite to the project.

All photographic material shall be addressed to the Coordinator of Competitions, c/o Art Commission, Room 281, City Hall, San Francisco. Material must be received by October 1, 1966.

#### Competition - Phase II

The five recommended sculptors, upon the acceptance by the Art Commission, will proceed to prepare sketches and/or models of a monumental sculpture to be placed on the west buttress or low wall flanking the stairway of the main entrance. The minimum height of the sculpture shall be fifteen feet. Scale of models and sketches shall be one inch to the foot.

The Coordinator of Competitions shall make himself available and work in conjunction with the contesting sculptors; providing them with whatever information, data, drawings and technical information, they may require in designing their sculpture.

#### Submission Date, Place, and Selection of Award Winning Sculpture (Phase II)

Final presentations together with all relevant and pertinent material is due February 1, 1967. Models and sketches must be delivered to the Hall of Justice, 850 Bryant Street, Room 569 (Fifth floor), between the hours of 10:00 A.M. - 5:00 P.M.

The jury will reconvene February 15, 1967 and make its final recommendation to the Art Commission as to the award winning design. The Art Commission, upon acceptance of the jury's recommendation, will enter into a contract with the sculptor for its execution.

August 1, 1966

HALL OF JUSTICE COMPETITION A (Continued)

Pick up of Submission after Jurying

Submission must be picked up Friday, February 17, 1967, 10:00 A.M. - 5:00 P.M.

Compensation

Each of the five competing sculptors shall receive a honorarium of \$500.00 for their final submissions. If the Art Commission accepts a design for execution, then that \$500.00 fee shall be considered a part of the total cost of the final sculpture. The Board of Supervisors and the Art Commission has set aside the sum of \$45,500.00 for this particular work. The sum of money must be considered all inclusive - covering the cost of material, the artists fee and the cost of placing the sculpture at the site.

Jury

Rejection of Jury Recommendations

The jury or Art Commission reserves the right to reject all submissions as being unsuitable for the purposes of this competition, and further reserves the right to negotiate directly with a sculptor of its choice or purchase outright a work suitable for the site.

INFORMATION - HALL OF JUSTICE COMPETITION B

(Competition to be announced in March, upon acceptance of Recommendation of Competition A)

Objective

Sculptural enhancement and development of the Bryant Street side of the Hall of Justice. To be accomplished by strategic placement of two or three sculptural works which may be reproductions of a single design or individually conceived pieces.

Site of Sculpture

It is mandatory that one sculpture be placed on the east buttress flanking the stairway at the main entrance. The work shall be so designed that it serves as a bridge between the monumental sculpture to be erected on the west buttress (Competition A) and the granite Seal of the City of San Francisco (fifteen feet in diameter) now on the facade of the building to the east of the east buttress.

In order to give maximum latitude to the sculptor - treatment of the District Attorneys entrance has not been made mandatory, though we call particular attention to it. Location, therefore, of the additional pieces is at the option of the sculptor.

Submission of Design

Sketches and/or models shall be delivered to Room 569, Hall of Justice, 850 Bryant Street, on (Date in July to be established) between the hours of 10:00 A.M. - 5:00 P.M. Scale of submissions shall be no larger than one inch to the foot. Explanatory text relevant to the design may accompany the submission, together with a brief art history of the sculptor, indicating ability to execute the submitted design.

August 1, 1966

INFORMATION - HALL OF JUSTICE COMPETITION B(Cont'd)

Jury and Selection of Award Winning Sculpture

The jury shall consist of:

The Jury shall meet on February 15, 1967. The jury shall make its recommendations to the Art Commission, and upon acceptance of the jury's report the Art Commission shall enter into a contract with the sculptor for execution of his proposal.

Return of Submission after Jurying

All submissions must be picked up (date to be decided later). After this date, the work shall be placed in storage, and will be subject to storage fees.

Compensation

The sum of \$27,000 has been set aside by the Board of Supervisors and the Art Commission, for the execution of these sculptural works. This sum must be considered a total figure and is to cover costs of all pieces involved in this Competition (B) and to be inclusive, including cost of material, execution, artist fee, and the preparation and placement of sculpture at site.

Compensatory funds for contestants, aside from the winner, unfortunately are not available.

Structural Information

It is assumed the participants in the Competition will visit the Hall of Justice. The doorway at the main entrance, and the District Attorney's office is 24 feet high.

Buttresses at the main entrance are 6 feet high, 7 feet wide, and 11 feet deep. Those at the District Attorney's entrance are 4 feet high, 3 feet wide, and 11 feet deep. They will bear a weight of 5 tons. Additional weight may require reinforcement of the concrete slab under the granite topping.

Until the work is set in place and accepted by the Art Commission, the Coordinator of Competitions shall act as liaison between the sculptor, the Art Commission and all other City agencies and departments. He will make himself available and work in conjunction with the sculptor providing him with whatever information, data and knowledge he may require in the execution of his sculpture.

Additional Information

Additional information as to the provisions of the competitions, or structural, or site conditions, may be secured by calling the Coordinator of Competitions, KL 8-1465, or writing to him care of the Art Commission, Room 281, City Hall, San Francisco.

Rejection of Jury Recommendations

The jury or Art Commission reserves the right to reject all submissions as being unsuitable for the purposes of this competition, and further reserves the right to negotiate directly with a sculptor of its choice or purchase outright a work suitable for the site.

1. The first part of the paper is devoted to a discussion of the general principles of the method of moments. It is shown that the method of moments is a powerful tool for the study of the properties of many-body systems. In particular, it is shown that the method of moments can be used to calculate the static and dynamic properties of a system.

2. The second part of the paper is devoted to a discussion of the application of the method of moments to the study of the properties of a system. It is shown that the method of moments can be used to calculate the static and dynamic properties of a system.

3. The third part of the paper is devoted to a discussion of the application of the method of moments to the study of the properties of a system. It is shown that the method of moments can be used to calculate the static and dynamic properties of a system.

4. The fourth part of the paper is devoted to a discussion of the application of the method of moments to the study of the properties of a system. It is shown that the method of moments can be used to calculate the static and dynamic properties of a system.

5. The fifth part of the paper is devoted to a discussion of the application of the method of moments to the study of the properties of a system. It is shown that the method of moments can be used to calculate the static and dynamic properties of a system.

6. The sixth part of the paper is devoted to a discussion of the application of the method of moments to the study of the properties of a system. It is shown that the method of moments can be used to calculate the static and dynamic properties of a system.

7. The seventh part of the paper is devoted to a discussion of the application of the method of moments to the study of the properties of a system. It is shown that the method of moments can be used to calculate the static and dynamic properties of a system.

8. The eighth part of the paper is devoted to a discussion of the application of the method of moments to the study of the properties of a system. It is shown that the method of moments can be used to calculate the static and dynamic properties of a system.

9. The ninth part of the paper is devoted to a discussion of the application of the method of moments to the study of the properties of a system. It is shown that the method of moments can be used to calculate the static and dynamic properties of a system.

INFORMATION - HALL OF JUSTICE COMPETITION C

Objective

To enhance the main entrance lobby of the Hall of Justice.

Description of Site

It is assumed that all contestants will visit the building; therefore, the following notes are brief and schematic. The interior of the main lobby, upon entering (vestibule) is 25 feet high, 66 feet wide, and 18 feet deep. Two wing walls flank a continuation of the lobby which drops to a height of 12 feet, a width of 42 feet, and a depth of 26 feet. Four columns interrupt the enclosed space, and the two side walls bear text relating to the dedication of the building, and a police honor roll. The entire lobby - from floor to ceiling - is faced with a heavy veined red marble.

While the Art Commission grants the contestants the widest latitude in their consideration, it suggests that areas for possible treatment include the open space between the columns and the two wing walls at the entrance.

Medium

The competition seems to lend itself to the work of a sculptor or craftsman. The Art Commission hopefully looks to an unforeseen and original solution to the problem presenting itself. However, in view of the description above, paintings and painted murals are not deemed appropriate and will therefore not be accepted.

Submission of Designs

Sketches and/or models shall be delivered to Room 569, Hall of Justice, 850 Bryant Street, on February 1, 1967, between the hours of 10:00 A.M. - 5:00 P.M. Scale of submissions shall be no larger than one inch to the foot. Explanatory text relevant to the design may accompany the submission, together with a brief art history of the artist, indicating ability to execute the submitted design.

Jury and Selection of Award Winning Design

The Jury shall consist of:

The jury shall meet on February 15, 1967. The jury shall make its recommendations to the Art Commission, and upon acceptance of the jury's report the Art Commission shall enter into a contract with the artist for execution of his proposal.

Return of Submissions

All submissions must be picked up on Friday, February 17, 1967. After this date, the work shall be placed in storage, and will be subject to storage fees.

Compensation

The sum of \$15,600 has been set aside by the Board of Supervisors and Art Commission for the execution of art work in the lobby. This sum must be considered a total figure and is to cover costs of the piece involved in this Competition (C), and to be inclusive, including cost of material, execution, artist fee, and the placement of art work at site.

Compensatory funds for contestants, aside from the winner, unfortunately are not available.

Additional Information

Additional information as to the provisions of the competitions, or structural, or site conditions, may be secured by calling the Coordinator of Competitions, KL 8-3465, or writing to him Care of the Art Commission, Room 281, City Hall, San Francisco.

Rejection Jury Recommendations

The jury or Art Commission reserves the right to reject all submissions as being unsuitable for the purposes of this competition, and further reserves the right to negotiate directly with a sculptor of its choice or purchase outright a work suitable for the site.

INFORMATION - HALL OF JUSTICE PURCHASE PROGRAM D

Objective

The Board of Supervisors and the Art Commission has set aside the sum of \$23,175.00 for the purchase of easel paintings and decorative items to enhance and enrich various offices, waiting rooms, and meeting areas of the Hall of Justice; and to create a warm sympathetic environment for those employed in the building as well as for transient visitors. It proposes, thereby, to relieve the bare functionalism of the interior spaces.

Eligible Mediums

All painting mediums are eligible for submission (oil, water colors, temperas, collage, mixed mediums, etc.) as well as graphic work (drawings, lithographs, etchings, serigraphs and woodcuts). A selection of crafts items such as ceramic bowls, small tapestries, etc., will be considered.

Submissions

Note: Submissions are for purchase consideration only and will not be exhibited. Works marked NFS will not be accepted. Each artist or craftsman may submit two works. Only paintings and graphic work suitably matted and framed shall be accepted. Work shall be delivered to Room 569 (fifth floor), Hall of Justice, 850 Bryant Street, on Monday, January 16, 1967, between the hours of 10:00 A.M. - 5:00 P.M. No dealer or agent may present work for consideration.

Size of Submissions

Limitations on size have not been established, however, in view of the general purpose of the Purchase Program, it is fair to indicate that works exceedingly small, or extremely large, may be difficult to suitable location and will therefore fail to be considered.

The Jurying and Purchase of Work

The jury shall consist of:

Information - Hall of Justice Purchase Program D (Continued)

The jury will meet on Thursday, January 19, 1967, and make its recommendations to the Art Commission. The Art Commission will act upon the jury's recommendations at its February meeting. If accepted, compensation will follow. The Art Commission will compensate artists on the basis of prices indicated on the submission.

Return of Submissions

Submissions must be picked up on Monday, January 23, 1967, between the hours of 10:00 A.M. - 5:00 P.M. Failure to pick up paintings will result in work being placed in storage at the normal storage rates.

Additional Information

Additional information as to the provisions of the Purchase Program may be secured by calling the Coordinator of Competitions, KL 8-3465, or by writing to him in care of the Art Commission, Room 281, City Hall, San Francisco.

Rejection of Jury Recommendations and Discretionary Provisions

If the jury and/or the Art Commission deems any of the work unsuitable for purchase, then the Art Commission reserves the right to purchase paintings by alternate procedures. It may, at its discretion, employ artists in such manner as will satisfy and fulfill the intent of the total programs.

Resignation of Commissioner Tito Patri.

The Chair read the following letter of resignation from Commissioner Patri:

August 1, 1966

"July 19, 1966

"Honorable John F. Shelley  
Mayor  
City Hall  
Room 200  
San Francisco, California

"Dear Mayor Shelley:

"In September, I will be leaving for an extended stay in Europe. This period will be devoted to study, research, teaching and writing in my professional field. As a result, I must regretfully resign my position with the San Francisco Art Commission. I will be able, however, to attend the August meeting of the Commission.

"John Carmack is a resident and a Landscape Architect who is vigorously interested in San Francisco and civic design. He is energetic and mature, as well as having many years experience in the profession. I strongly recommend him for the position of Landscape Architect on the Art Commission.

Very truly yours,

Tito Patri, A.S.L.A.

cc: Honorable Mr. Harold Zellerbach  
President, San Francisco Art Commission  
1 Bush Street

Mr. Joseph Dyer, Executive Secretary  
San Francisco Art Commission

RESOLVED, That at a regular meeting of the Art Commission held on September 12, 1966, the Commission hereby accepts the recommendations of the Literature Committee for the legend of a bronze plaque to be placed at the foot of the monument to - Dolores Liberty Bell at Mission Dolores Park, the text as follows:

"On Sunday, September 16th, 1810, Miguel Hidalgo y Costilla, a humble priest in the town of Dolores, of the now State of Guanajuato, Mexico, rang the bell of his church calling the faithful to an early mass and to bear arms against the Spanish crown. This is an exact replica of its original which now hangs from above the central balcony of Mexico's national palace, and which, as a matter of tradition, is rung by the President of the Republic the night of September 15th. at eleven o'clock, when he also hails the heroes of Mexican independence, in a ceremony called "El Grito". This monument donated by the people of Mexico and the local Mexican community to the City of San Francisco, September 16th., 1966.

REPORT OF ENRICHMENT COMMITTEE ON PROPOSED ORDINANCE  
ENRICHMENT OF PUBLIC BUILDINGS TO CITY ATTORNEY

Commissioner Esherick informed the Commission that the Enrichment of Public Buildings Committee had called upon the City Attorney and discussed with him a new ordinance concerning a certain amount of the percentage of public buildings allocated for the adornment and beautification of public buildings be changed. He further stated that his Committee was fully satisfied with the manner in which the existing ordinance is now working, and that the Committee had received the full cooperation of all departments concerned.

In view of this, he recommended the Commission formally request the City Attorney that the proposal for a new ordinance be withdrawn.

His request met with the approval of the Commission and the Secretary was instructed to contact the City Attorney and apprise him of the Commission's action.

Commissioner Sotomayor suggested staging an annual historical pageant at the Palace of Fine Arts in the Marina, now being rebuilt. He stated that "historical pageants are staged in many large European cities and are a terrific tourist attraction. A pageant depicting San Francisco's history could be staged on the wide expanse of the Palace fronting on Baker Street."

The Chair referred the matter to Commissioner Stendell and asked for a further report.

Adjournment: There being no further business, the meeting adjourned at 5 P.M. The next regular meeting will be held on Monday, November 7, 1966, at 3:45 P.M. in the office of the Commission, Room 281, City Hall.

Respectfully submitted,

MUSIC  
COMMITTEE

Mrs. Winifred Baker, Director of the San Francisco Civic  
Chorale, gave the following report:

A. CONCERTS GIVEN DURING THE CHORALE'S FIRST SEASON, 1965-1966

1. Debut on December 12, 1965 GRACE CATHEDRAL  
West Coast premiere, "Masque of Angels".
2. March 24, 1966 ANGELICO HALL, San Rafael -  
A Cappella Choir
3. May 12, 1966 LEGION OF HONOR
4. June 22, 1966 STATE COLLEGE, San Francisco  
Premiere, "Pilgrim's Journey", Vaughan Williams
5. June 4, 1966 DOMINICAN COLLEGE, A Cappella
6. August 16, 1966 CIVIC AUDITORIUM, Pops Concert  
Menotti, "Bishop of Brindisi". - "Newsweek"  
National Magazine covered this for future use.

One chamber orchestra was employed - Musicians' Union refused aid.  
All concerts free except Nos. 5 and 6.

B. CONCERTS PLANNED FOR CURRENT SEASON, 1966-1967

1. January 29, 1967 SCOTTISH RITE AUDITORIUM  
Premiere newly discovered Vivaldi cantata.
2. April 6, 1967 RICHMOND AUDITORIUM

Premiere, Franz Waxman's "Song of Terezin"
4. April or May, 1967 LEGION OF HONOR
5. May or June CIVIC AUDITORIUM (or Opera House)  
"War Requiem", Britten.  
(This will be a new kind of concert to bring  
prestige to both Art Commission and Chorale.  
Special funds will be required to make this  
tremendous undertaking possible).
6. July or August, 1967 CIVIC AUDITORIUM, Pops Concert. List of music  
submitted for decision by Arthur Fiedler.
7. March 22, 1967 ANGELICO HALL (Possible)
8. May 18, 1967 OPERA HOUSE. Beethoven Ninth (Possible)
9. CONCERTS PLANNED FOR NEIGHBORHOOD SERVICE (Monthly)

Concerts will be given in churches, schools and halls all over the City by sections of the large Chorale and by the A Cappella Choir. Arrangements will be made jointly by the director and the Executive Secretary who expect to provide monthly concerts and to use Band and other musicians to provide suitable accompaniment for the choirs.

THE NEIGHBORHOOD PARTICIPATION PLAN begun with the new Chorale in September, 1965, provided for two meeting places on two nights each week. However, College Credit could not be offered, and the Musicians' Union would not allow the Chorale to sing with the San Francisco Symphony in the regular series unless it was either paid or affiliated with a College.

CITY COLLEGE affiliation with the Chorale will begin in February, 1967, and the Marina group will move there. Roosevelt group will remain.

LANEY COLLEGE, Oakland, offers to catalogue and house our music library. We prefer to keep the music in the City and the San Francisco Public Library is trying to help.
